

Waste & Recycling Services

Rumpke Collection Schedule

- For many businesses, Monday collection is ideal to unload trash following a busy weekend crowd; however, for others that are closed on Sunday, Tuesday collection is a more convenient option. As a business, we understand your specific needs, and we will work to accommodate those needs.
- Tuesday is currently our most popular collection day. Our Northern Kentucky team currently services nearly 100,000 customers each Tuesday, which is 4,000 more customers than what is serviced on Monday and nearly 15,000 more customers than what is serviced on Friday.

- We regularly audit our collection stops and adjust as needed to ensure we are providing the appropriate level of service to all our customer and creating the most effective and efficient route possible for the hauling operation. Occasionally, this means increasing or decreasing the number of service pick-ups and/or identifying a different day during the service week that improves customer service and the hauler's operation.
- If you can place trash and recycling out for collection on Sunday evening, we ask that you please continue with Monday collection. If you are unable to place material out for collection out Sunday evening, we would be happy to discuss alternative service days.
