

Mayor Joseph U. Meyer

106 West Eleventh Street
Covington, KY 41011

Dear Covington Resident,

In January 2017 I took office as your mayor. As a lifelong resident of Covington I chose to run for mayor on a platform of change, to bring the City of Covington a government that prioritized basic services, implemented a “customer service” mindset at city hall, and begin to address some of the tough problems facing our city.

I also knew I could immediately deliver a broader perspective and insight because of my experience in the legislature and as a cabinet secretary in state government.

We’ve tackled numerous issues that I knew about when I decided to run for mayor, and there have been some surprises over the last 18 months. We have brought a lot of change to city hall.

I know you’re an engaged Covington citizen who has definite thoughts and opinions because you vote regularly and members of my team informed me you’re a very engaged constituent.

On that note I’d like to invite you to a “Mayor’s Night Out” meeting so I can update you on what your city government has done in the past 18 months and so you can ask any question you might have about your city government.

The meeting will be **August 23** at the **American Legion Post 203 HALL**, 3801 Winston Avenue, starting at 6:30, and last about 60 to 90 minutes. If you have any questions please contact Rob Sweetser at 859-991-9701 or by email at rasweetser@gmail.com

I hope to see you there.

Joe Meyer
Mayor of Covington
